

**Position:** Junior Equity Research Analyst

We are seeking a hard-working and dedicated individual to work as a member of our team as a junior equity research analyst. Our company is a growing investment manager with more than \$3.3 billion in assets. We are looking for an individual with a strong desire to learn and a demonstrated interest in taking on new challenges.

**Responsibilities:**

- Conduct in-depth qualitative and quantitative analyses of Canadian companies and their respective industries
- Complete detailed research reports of Canadian companies for distribution to the internal investment research team
- Conduct company management interviews for the purpose of evaluating investment opportunities
- Attend industry conferences and company presentations
- Present and defend research findings at investment team meetings
- Submit investment recommendations to portfolio managers
- Prepare other research assignments as requested

**Qualifications:**

- Post-secondary education
- Chartered Financial Analyst (CFA) level 1 or enrolled in the CFA program
- Independent thinker
- Strong communication skills
- Excellent analytical skills
- Self motivated
- Ability to work effectively within a team-based environment
- Experience in the financial services industry is preferred
- Math or accounting focus is an asset
